Threshold Moore state reduction on a DPA with |Σ|=4 that was created by nbautils from an NBA.
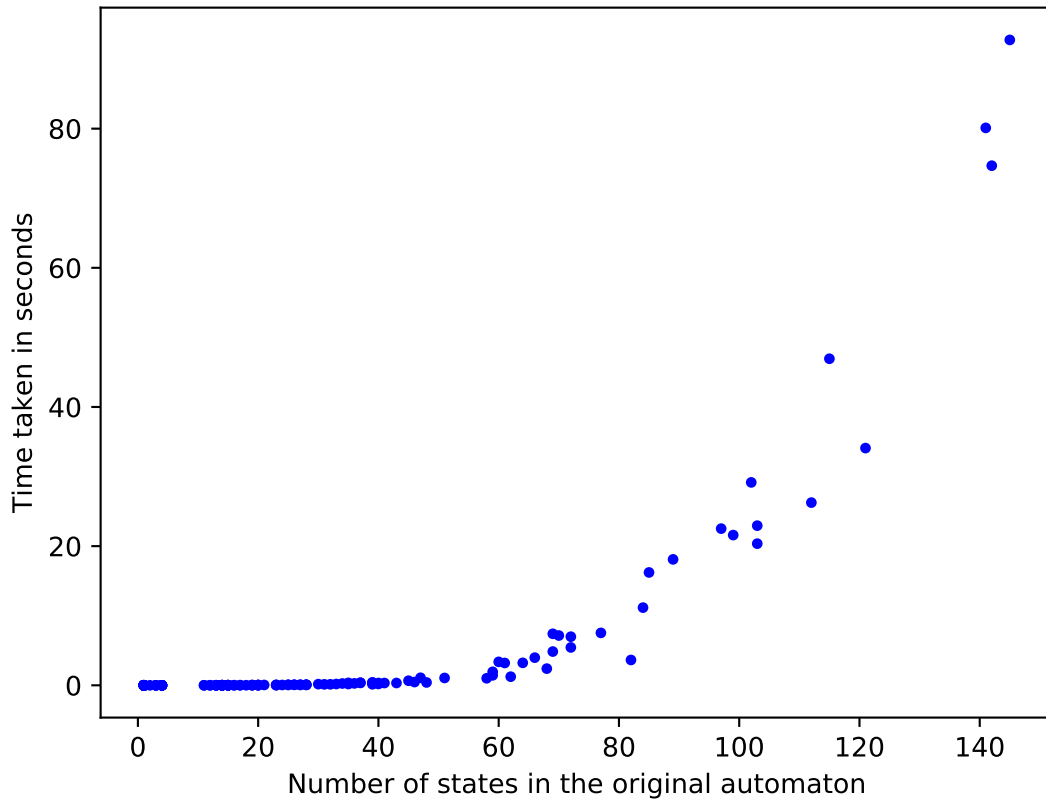

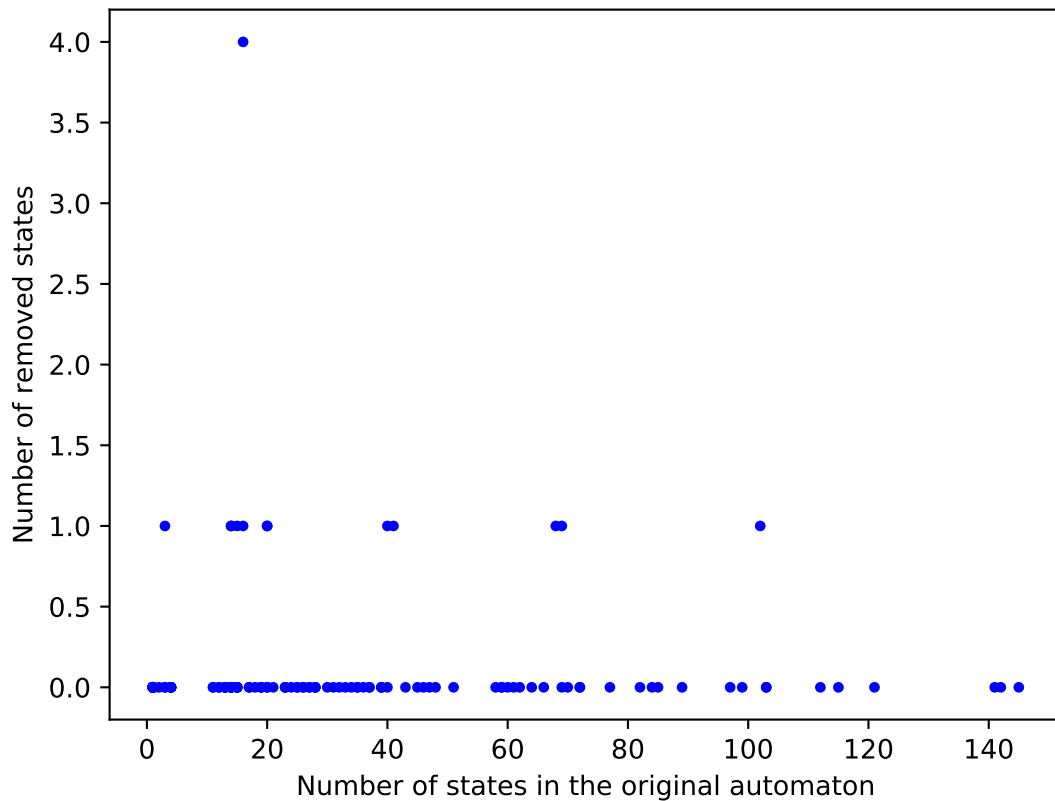

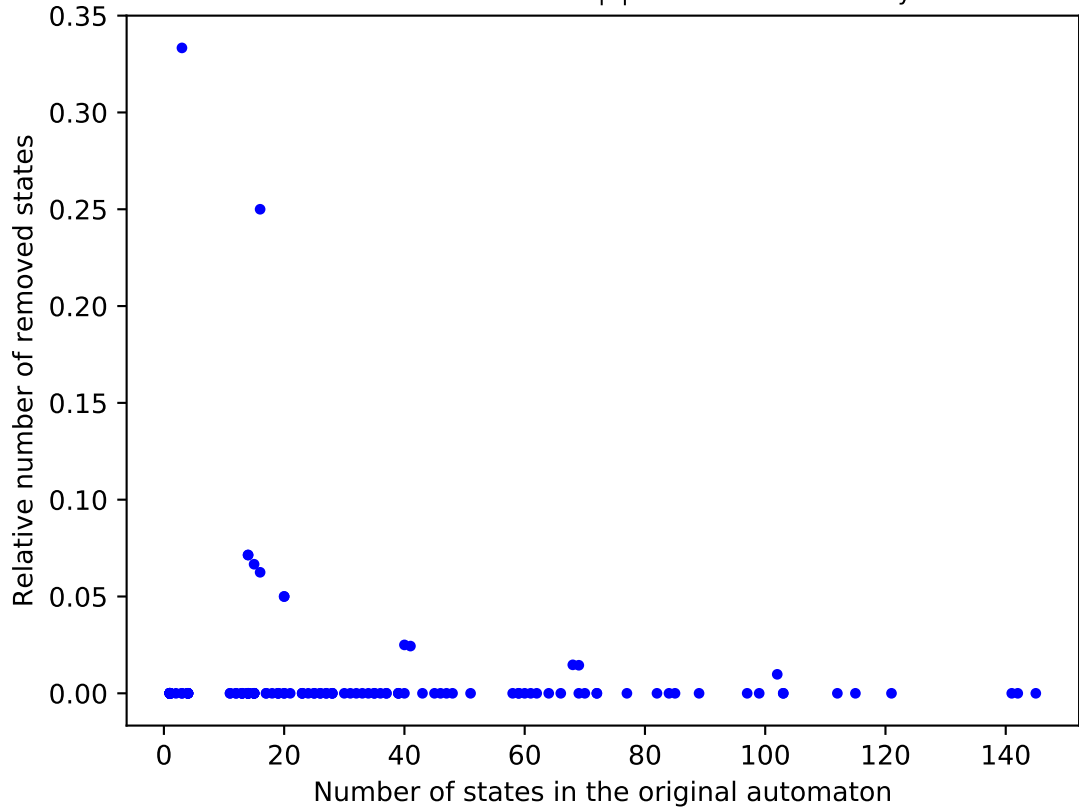

Threshold Moore state reduction on a DPA with $|\Sigma|=4$ that was created by nbautils from an NBA.

Threshold Moore state reduction on a DPA with $|\Sigma|=4$ that was created by nbautils from an NBA.

X-axis: Number of states in the original automaton
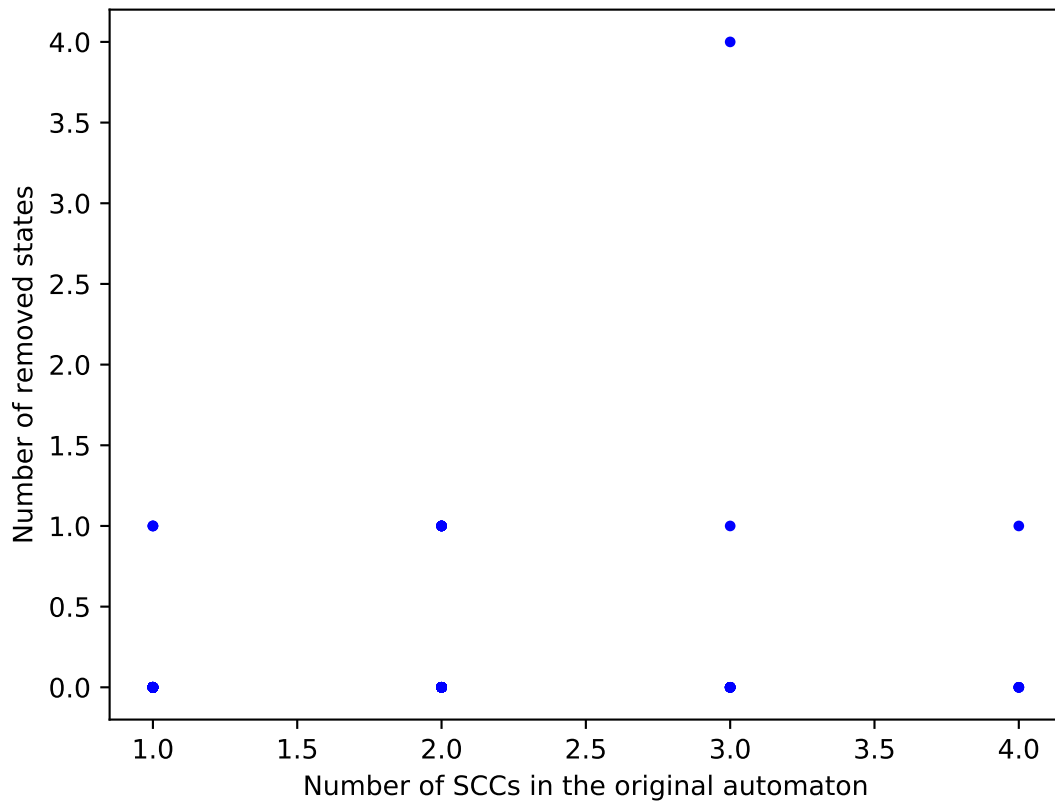

Y-axis: Relative number of removed states

Threshold Moore state reduction on a DPA with $|\Sigma|=4$ that was created by nbautils from an NBA.

Threshold Moore state reduction on a DPA with |Σ|=4 that was created by nbautils from an NBA.
